 Clinical View Notes

View Previous Encounters

Click on “rolodex” icon to view/select previous inpatient and outpatient admissions

The screenshot shows the HMS interface with a toolbar at the top. The 'rolodex' icon (a calendar with a person) is circled in red, and a red arrow points from it to the 'Patient Encounters' table. The table has columns for Patient Number, Patient Type, Admit Date, and DC Date. Below the table, patient information is displayed: PT Number: 1860663, MR Number: 11111863, HSN: AUD, and Allergies: Unknown Allergies.

Patient Encounters for: ABATE FLORENCE (11111863)			
Patient Number	Patient Type	Admit Date	DC Date
1111112	Industrial	11/05/2008 ...	
1111112	Industrial	11/05/2008 ...	
1860663	Outpatient	11/04/2008 ...	
1111112	Industrial	11/04/2008 ...	
1860885	Inpatient	11/02/2008 ...	

Return to Patient List

Click on “Patient” icon to return to list

The screenshot shows the HMS interface with a toolbar at the top. The 'Patient' icon (a person silhouette) is circled in red, and a red arrow points from it to the left.

To View a Transcription document

Click on a document in the transcription pane. A new window will open, using the Word viewer.

View		TRANSCRIPTION		
Name	Date/Time	Status	Revision	
OPERATIVE REPORT	01/12/2009 11:...	LA		BA

If your window tries to open and fails, you probably have a pop up blocker installed on your computer. To bypass, hold down the CTRL key while you click on the report. You will have to do this EVERY TIME you open a document.

For help call the MSH Help Desk at 973-680-7700
For help in the hospital ask any charge nurse.
